How has CREW Boston/CREW Network helped your professional development?

Where do I begin? It seems like I can't have a conversation with anyone without mentioning the impact CREW has had on my career. In the past 9+ years I have participated in the mentor program, the leadership academy, been an active member of the Development Project Management Group and learned how to play golf on the Golf Committee. Through each of these committees and groups I have learned invaluable lessons. The incredible women of CREW have taught me how to work smart, advocate for myself, find balance and have fun.
