Bergmeyer opens third office in Columbus, OH

October 21, 2022 - National News

Columbus, OH Bergmeyer, the award-winning design collaborative based in Boston and Los Angeles, has opened a third office location. The expansion is the company's latest in its continued evolution - following a rebrand in 2020 along with a series of strategic hires over the past two years.

"Bergmeyer is excited to put down roots in Columbus, OH, a strategic move that will allow us to continue expanding client services through broadening our geographic presence to meet top design talent where they are and to support our regionally located clients," said Bergmeyer president Rachel Zsembery.

Bergmeyer's Columbus office will be led by industry veteran and recently named principal at Bergmeyer, Christian Davies, to lead the collaborative and help grow its next generation of design innovators into the next chapter of Bergmeyer's legacy brand.

"The depth of regional clients, world-class agency talent, and a vibrantly thriving design community made Columbus the perfect choice for the next phase of Bergmeyer's evolution," said Davies. "Having built multiple teams, offices, and offerings in this market, I'm beyond thrilled to unveil the latest chapter in a city that feels – literally – electrifying."

After successfully expanding its suite of services and rebranding from a traditional architecture and interior design firm to a multi-disciplinary design collaborative, Bergmeyer continued to invest in the growth and development of its newly added capabilities, methodically recruiting top creative talent in the branding and graphic design fields across the US and most specifically in and around the Columbus area.
