2022 Year in Review: Moses Guadalupe, Tecta America New England

December 30, 2022 - Spotlights

Moses Guadalupe
Service Manager

Tecta America New England

What was your most important professional accomplishment or most notable project, deal, or transaction in 2022?

My most notable project this year was a large safety product installation on three large roofs for an established life sciences company in Burlington, MA. We chose FIXFAST fall protection products which are OSHA compliant and help protect rooftop visitors. Our Billerica team did an excellent job with the installation, and I'm proud that the customer put their trust in Tecta.

How has your career path changed in 2022?

My career path has changed tremendously this year. I was previously the service superintendent in Brockton, and four months later I became the service manager in Billerica. I enjoy the challenge that every day brings with each new set of circumstances, and I love what I do and the people that I work with.
