Construction Institute releases the list of 2023 Visionaries Forum speakers - to be held February 16th at Mark Twain House

January 20, 2023 - Connecticut

HARTFORD, CT The Construction Institute released the list of speakers for its 2023 Visionaries Forum.

The event takes place on February 16th at the Mark Twain House & Museum. The event is open to the public. This year's event focuses on the fine line between the success and failure of innovation within the AECO industry, a line that our panelists have been on the right and wrong side.

The Construction Institute's Visionaries Forum is the premier platform for trendsetters and thought-leaders to look at what is next in the industry. The Visionaries Forum provides an opportunity to look ahead, to pause from day-to-day focus, and to learn about the kind of creativity that will be helping the industry move into the future.

This year's Visionaries are:

- Barbara White Bryson, Design Intelligence Strategic Advisors;
- Dr. Luciana Burdi, Massachusetts Port Authority (Massport);
- James Martin, Shepley Bulfinch;
- Todd Orenstein, AECOM;
- Melodie Yashar, ICON.

The Construction Institute is a nonprofit organization of diverse AEC professionals dedicated to creating a learning and dynamic industry landscape. To learn more about the Institute and to register for the program, visit [construction.org](https://www.construction.org).
