## **ABC of Mass.: Celebrating 40 years of working for Merit Shop Contractors**

October 15, 2008 - Construction Design & Engineering

As we enter the final months of a productive and challenging 2008, Associated Builders and Contractors of Mass. would like to take a moment to provide you with some of the highlights of this, ABC Mass.'s 40th anniversary year. Our goal is to continue to be an excellent resource to help members firms build better businesses and showcase them as among the finest, most professional builders in the Commonwealth.

### Government Affairs

The recently concluded legislative session saw passage of higher education, environmental, transportation, housing and life sciences bond bills. ABC worked to prevent the inclusion of exclusionary labor language and unfair apprenticeship mandates in these bills, which will govern how \$10+ billion of state capital are spent over the next several years.

As an industry leader, ABC worked closely with the office of attorney general Martha Coakley and our allied construction groups to craft a fair, proactive policy on enforcement of the Commonwealth's Independent Contractor Law.

\* ABC Mass. used opinion pieces and ads as part of a public awareness campaign to highlight the importance of compliance and promote the efforts of ABC members to act responsibly and professionally.

\* ABC Mass. again played a leading role in working with the attorney general's office and industry groups on the development of an OSHA 10 Advisory issued earlier this year.

We are also working diligently to address inequities in new state apprenticeship policies. An effort is underway to educate state policy makers and opinion leaders on the importance of policies that are fair to both the union and open shop sectors of the construction industry.

### Political Activism

\* Strong relationships with legislative leaders boosts ABC Mass.'s clout

\* Hosted a variety of key legislators at board meetings and events

\* ABC PAC support for legislators who favor fair, open and responsible competition

### Member Resources

\* ABC Mass. hired former DAT director John Rich as new director of Workforce Development, Compliance and Standards. Rich is working to provide members with an important resource on critical compliance issues level and to the playing field for professional merit shop contractors.

### Membership
