Arpin International Group promotes Somweber to vice president, GSA Services

April 14, 2023 - Rhode Island

Matthew Somweber

West Warwick, RI Arpin International Group has promoted Matthew Somweber from director to vice president of its GSA Services division.

Somweber began his 20-year career in the household goods moving and storage industry when he joined Arpin International Group in 2003 as a relocation coordinator for the GSA international division. He quickly learned the intricacies of providing international moving and storage services to the Federal Government and excelled at all the tasks he performed. Somweber's success led him to be promoted to senior GSA coordinator, supervisor, and director of operations. He has shown a tremendous work ethic and personal growth in these positions.

"Matt has been instrumental in the division's growth and success, including hiring the right people at the right time and empowering their growth. He has a great read on people and has flourished in creating relationships with our vendors domestically and worldwide," said Mark Greene, senior vice president GSA Services. "Matt's efforts have helped create a culture of excellence at Arpin. The last few years have been a crucible of sorts, and Matt's close work with me on many GSA issues has made an impression on me."

In large part to Somweber's leadership, Arpin International Group has seen a significant increase in revenue, culminating in an overall market share of 22% in 2022. His contributions to the company have been invaluable, and we are confident he will continue to thrive in his new role as vice president.

Somweber holds a Bachelor of Science in Management and a minor in Finance from Roger Williams University.
