Shook Research conducts several national rankings of wealth advisors each year on behalf of Forbes. For the 2023 rankings, over 39,000 nominations were received. This year’s Best-In-State Wealth Advisors consists of top-ranking advisors who were nominated by their firms and then researched, interviewed and assigned a ranking within their respective states by the Shook organization.

Forbes published this year’s list of recipients on April 4, 2023. Portfolio performance is not a criterion due to varying client objectives and lack of audited data. Neither Forbes nor SHOOK receive a fee in exchange for rankings.
