The Drew Company celebrates grand opening of SkySail at Driftway

October 06, 2023 - Owners Developers & Managers

Scituate, MA The Drew Company, a Boston-based, privately held, real estate development and management company, celebrated the grand opening of SkySail at Driftway, the newest transit-oriented mixed-use development, on October 3rd.

SkySail at Driftway is a 109,842 gross s/f luxury mixed-use development located at 340 - 348 Driftway and 318 Driftway. The project consists of six buildings with 78 rental units including 12 income-restricted units, 9,000 s/f of retail and commercial space, and 160 parking spaces.

The entire site was formerly surplus parking for the MBTA Greenbush Commuter Rail Line Station located across Old Driftway. Drew Company purchased the site from the MBTA and constructed a new parking lot for the MBTA on a portion of the site as part of the arrangement with the MBTA. The

development is located close to Scituate Harbor.

“The Drew Company is excited to be opening this new apartment community situated across the street from the MBTA Greenbush Station. SkySail at Driftway brings a best-in-class residential experience with innovative indoor and outdoor features to provide a productive work-live environment with ease of access to transportation options to and from Boston. We thank the entire Scituate community for their support as we constructed this project with our contractor Dellbrook | JKS through the pandemic and look forward to being the newest addition to Scituate’s vibrant landscape,” said John Drew, president, Drew Company.

“Congratulations to the Drew Company, our project team, and fantastic trade partners on the successful completion of SkySail at Driftway,” said Mike Fish, president and CEO, Dellbrook|JKS. “Despite industry and pandemic-related challenges, the ongoing collaboration on this project made construction a true pleasure and we are proud to present SkySail to the town of Scituate.”
