2023 Year in Review: Nicholas Golon, TFMoran, Inc.

December 29, 2023 - Spotlights

Nicholas Golon, P.E.
Civil Department Manager, Principal
TFMoran, Inc.

What was your greatest professional accomplishment or most notable project, deal, or transaction in 2023?

TFMoran partnered with Unitil and ReVision Energy in the development of the Kingston PV Facility, planned for construction in early 2024 pending final permit approvals. This 5-megawatt solar array would be one of the largest solar facilities in the state that's currently in operation.

What emerging trends will drive investment and development in 2024?

Solar power has become the fastest-growing electricity source in the United States, representing more than 50% of generation projects that were planned for 2023. New Hampshire's growth in solar energy is part of a larger national trend towards renewable energy, indicating the increasing importance of sustainable energy in the United States.
