

Stallkamp and Gemmecke of The Boulos Co. sell Christmas tree farm

January 05, 2024 - Northern New England

Dover, NH The former Christmas tree farm at 239 Knox Marsh Rd. was sold to 239 Knox Marsh Realty, LLC for \$1.225 million.

Seller, Equine Properties, LLC, acquired the 9.36-acre site in 2020 and secured all the approvals necessary for a mixed-use housing project comprising 52 multi-family units, two 13,583 s/f commercial units, and 12 single-family homes. The buyer, a regional developer, was looking for a shovel-ready site with permits in place. While engineers worked with the DOT to get the last approval, the seller worked with local community organizations, donating Christmas trees to those in need.

The transaction was arranged on behalf of the seller by Christian Stallkamp and Katherine Gemmecke of The Boulos Company. Gil Aleixo represented the buyer.
