Arpin International Group receives 2023 Commitment to Excellence silver award from Cartus

February 09, 2024 - Rhode Island

West Warwick, RI Arpin International Group, a full-service moving and storage company specializing in relocating government, corporate, military, and private-residential customers, receives the Commitment to Excellence silver award for outstanding performance at Cartus Corp.'s 2023 Global Network Conference. Cartus is a worldwide leader in providing talent mobility and corporate relocation solutions.

Each year, Cartus recognizes members of its industry-leading worldwide service provider network who have provided extraordinary service to its customers and clients. To be considered for the award, a partner must distinguish themselves by achieving critical performance metrics.

"Our supplier partners are leaders in professionalism, work ethic, innovation, and commitment to excellence and we are so proud to have such a strong network of providers who understand how important each relocation is to the family moving," said Eric Barnes, CFO and senior vice president of supply chain management. "When serving our Cartus clients and customers, Arpin International Group demonstrates the highest caliber of excellence every day. Congratulations on a well-deserved win."

As one of the longest-standing providers in the Cartus supplier network, we understand that every move is unique. With over 123 years of experience, we've encountered many different operational circumstances that help us to be an expert source of information and solutions for our clients. Couple this with our extensive global footprint, and there is not much we don't have experience with. At Arpin, we strive to work as one with our RMC partners and their customers to share intelligence. Consequently, we are frequently called upon as a source of expertise and have a knowledge base that others can't match.

"We are deeply honored by the receipt of the Commitment to Excellence Silver Award from Cartus. This acknowledgment underscores our unwavering dedication to excellence, innovation, and collaborative efforts in providing exceptional value to our customers and stakeholders. We extend our heartfelt gratitude for the trust and support bestowed upon us by Cartus, and eagerly anticipate further fortifying our partnership in the times ahead," said senior vice president, Stephen Crooks, of Arpin International Group.

Arpin International Group is proud to be a part of Cartus' Global Network and to have received this prestigious recognition.
