2024 Women in Construction: Danielle Camporini, NEI General Contracting

March 29, 2024 - Spotlights

Danielle Camporini
Assistant Superintendent

NEI General Contracting

What was your greatest professional achievement or most notable project in the last 12 months? My highlight at NEI last year was working on the Maple on Franklin project in Holbrook, Mass. It was my first project with the company, offering valuable learning experiences alongside a supportive team and owner. This opportunity introduced me to construction in a fantastic way, setting a strong foundation for my future in the industry.

Who or what inspired you to join the AEC industry? My childhood love for designing buildings led me to the AEC industry. While I initially focused on design, I soon wanted the hands-on experience of turning ideas into reality. This shift allowed me to see the tangible impact of construction, from blueprint to creation. I find joy in bringing spaces to life, creating environments that inspire and endure.
