Robbins of Colliers leases 25,188 s/f to PickUp USA Fitness in Manchester

August 23, 2024 - Front Section

Manchester, NH Andrew Robbins of Colliers has handled the signing of PickUp USA Fitness for a long-term lease at 100 William Loeb Dr. The 25,188 s/f space within the 166,000 s/f multi-tenanted former Union Leader building marks PickUp USA Fitness's debut in New Hampshire and its second location in New England. Located off I-93 at Exit 6, the property offers accessibility and amenities.

PickUp USA Fitness chose this location due to its clear span space with over 20 ft. of clear height, parking, and highway access, which perfectly suited their needs. The facility will accommodate a full NBA regulation-size basketball court, additional half-courts, event space, locker rooms, and a 10,000 s/f weight training area adjacent to the courts.

“Partnering with Andrew, Alex, and Colliers was a truly outstanding experience. They were able to expertly guide us through the complexities of securing a 20,000+ s/f space for our business in a tight market, managing every step of the process with care and precision. Their dedication and expertise made the entire deal seamless and worry-free. We're thrilled with our new location at 100 William Loeb Dr. in Manchester and would highly recommend Andrew for any commercial real estate

needs,” said Bryon Hebert, franchisee
PickUp USA Fitness.

PickUp USA Fitness introduces a pioneering concept to New Hampshire as a basketball-focused fitness club, offering members 10-minute pickup basketball games officiated by two referees, in addition to access to weights, cardio machines, and potentially youth development leagues and training camps.

“This requirement presented numerous challenges, navigating the tight industrial market and the specific need for high ceilings without columns, while also being accessible with sufficient parking for a fitness club” said Robbins. “Given the limited availabilities, we are very happy to have helped PickUp USA Fitness secure a location in New Hampshire.”
