Connolly Brothers recognized for Excellence in Construction by Massachusetts Chapter of Associated Builders and Contractors

November 22, 2024 - Construction Design & Engineering

Woburn, MA The Massachusetts Chapter of Associated Builders and Contractors (ABC MA) congratulates Connolly Brothers for earning a Merit Award at the 32nd annual Excellence in Construction Awards for their outstanding work on the Calare Properties public safety training facility commercial design-build fit-up project in Milford.

“We are proud to recognize the outstanding work of our member contractors through the ABC Excellence in Construction Awards,” said ABC MA president Greg Beeman. “The winning contractors maintained a constant focus on meeting their clients’ needs and set a high bar for craftsmanship, quality and safety.”

The Merit Award Connolly Brothers won is reserved for work that stands above the rest. It recognizes overall excellence in project execution, craftsmanship, safety, innovative elements and challenges, and client satisfaction.

Nearly 300 ABC members gathered to recognize and celebrate the very best construction projects their companies have to offer. This year's applicant pool was particularly competitive, with each winner selected for the high standards of craftsmanship, safety and quality delivered by talented merit shop workers using the efficient merit shop approach.
