What recent project, transaction or accomplishment are you most proud of?

I'm proud that our team was recently awarded a significant nationwide contract with a national life sciences client. This achievement is the result of a seamless, multi-year effort that integrated Shawmut teams across the enterprise, from coast to coast. The work will consist of R&D, utility, and manufacturing projects, and I'm confident that this partnership will be mutually beneficial for both Shawmut and our client for many years to come.
