Sponsorship and exhibitor opportunities at BE09

November 19, 2008 - Green Buildings

NESEA's Building Energy Conference includes an extensive trade show plus three days of in-depth workshops and sessions, networking, and a public forum. The conference has consistently drawn increasing attendance with its innovative solutions and advice on clean energy systems and achieving major reductions in building energy consumption. For 34 years, NESEA has been at the forefront of education about energy-efficiency and renewable energy use. If you are interested in being a sponsor of BE09, please contact David Barclay at dbarclay@nesea.org. Join the over 180 sustainable and green building exhibitors at the trade show! Discount rates are still available for companies and organizations who become NESEA members.
