DECCO, Inc. celebrates 90 years of innovation, service, and growth

December 06, 2024 - Northern New England

Nashua, NH DECCO, Inc., a leading mechanical and process piping contractor based in New England, is celebrating its 90th anniversary of continuous service, innovation, and industry leadership. Since its founding in 1934, DECCO has grown from a small local business into a nationally recognized leader, providing high-quality solutions in construction, facility and equipment maintenance, critical equipment handling, and fabrication services.

With a legacy that spans nearly a century, DECCO has completed over 15,000 FDA-validated installations and remains a trailblazer in the mechanical contracting industry. The company's expertise shines in sectors where precision, regulatory compliance, and quality are paramount. A pioneer in establishing welding standards and in cGMP (current Good Manufacturing Practice) installations, DECCO continues to set the standard for safety, innovation, and excellence in these

critical fields.

Kyle Reagan

“Reaching this milestone is a direct reflection of the dedication and hard work of our employee-partners, past and present, as well as the trust and long-term loyalty of our clients and project partners,” said Kyle Reagan, CEO of DECCO, Inc. “As we look ahead to the next 90 years, we remain committed to advancing innovation, delivering the highest levels of service, and upholding the merit shop philosophy that has been cornerstone of our success.”

As DECCO celebrates this significant anniversary, the company is poised for continued growth and success. In 2023, DECCO joined the Comfort Systems USA network, a prominent national provider of mechanical, electrical, and plumbing systems, further expanding its national reach and service capabilities. DECCO has continued to enhance its capabilities and offerings to better serve clients locally and across the country. Notably, in 2023, the company opened a new High Purity Processing Facility and introduced its Clean Utility Service Program designed to meet the growing demands of the pharmaceutical, biotechnology, and life sciences sectors.

Looking ahead, DECCO is preparing to open a training center in early 2025, designed to equip its employee-partners with specialized skills for working in clean room environments. This advanced facility will also focus on enhancing overall employee expertise and fostering industry best practices, ensuring that DECCO’s workforce remains at the forefront of mechanical contracting and service delivery.

The company’s commitment to safety and quality continues to earn industry recognition. In 2024, DECCO was honored with the prestigious Top Safety Leader Contractor award by Associated Builders and Contractors (ABC), recognizing the company’s steadfast dedication to maintaining the highest safety standards on every project. DECCO is also renowned for its exceptional apprenticeship programs, having produced more than 19 ABC Local Craft Champions and 10 ABC National Craft Champions, further cementing its position as a leader in developing top-tier talent in the skilled trades.

“After 90 years, we’re still focused on delivering outstanding careers in construction for our employee-partners and exceptional solutions to our clients, and we’re excited for the future,” Reagan said. “With a strong foundation of experience, knowledge, and integrity, we look forward to continuing our legacy of excellence for generations to come.”
