IFMA Boston Update: Leadership Workshop and Volunteer Appreciation

June 06, 2025 - Owners Developers & Managers

Jennessa Durrani leading the group through a series of exercises.

Boston, MA IFMA Boston Leadership members including the board of directors, committee chairs and volunteers participated in a Leadership Workshop facilitated by Jennessa Durrani, MBA, a leadership and development expert who focuses on team building and building cultures where people and performance thrive. Durrani has also been a part of IFMA Boston for 28 years! Our committee members are actively working behind the scenes to implement and develop the ideas that were generated at the event into actionable results for the chapter.

Vicinity Energy Tour

On May 7th IFMA Boston toured Vicinity Energy's Kendall Sq. plant in Cambridge, Mass. The event, led by representatives from Vicinity Energy, drew close to 40 IFMA Boston members and guests for an inside look at this landmark facility's past, present, and future. Attendees gathered early in the morning for a presentation and guided walk-through of the nearly century-old plant, which has evolved from a coal-fired power station into a cutting-edge sustainable energy site. The tour highlighted several key aspects of the plant's operations – from its rich history and combined heat and power system to new innovations like eSteam technology, a 42?MW electric boiler, and the use of renewable biogenic fuel.

Registration is Now Open for The IFMA Boston Golf Classic at Red Tail Golf Club on June 17th!

Register here: <https://bit.ly/IFMABostonSpringGolfClassic>

Have you ever thought about what goes into maintaining the structural integrity of a parking garage? Most people just glance around to familiarize themselves with the floor layout, note their parking level and space number and then move on. Here's your chance to learn more.
