North Branch Construction completes construction of 3,700 s/f St. Mary's Bank branch in Concord

July 04, 2025 - Northern New England

St. Mary's Bank, 16 Manchester Street - Concord, NH

Drive through banking service lanes at St. Mary's Bank,
16 Manchester Street - Concord, NH.

Concord, NH North Branch Construction has completed the new St. Mary's Bank branch located on Manchester St. This 3,700 s/f, single-story, slab-on-grade, wood-framed building has been designed to support both traditional and digital banking services.

The new facility offers a full suite of financial services for its members, featuring two drive-through banking lanes — a drive-through teller and an Interactive Teller Machine (ITM). The ITM allows members to complete transactions from their vehicles, providing added convenience and accessibility.

"We are proud to have worked with St. Mary's Bank to deliver this modern and functional space for their members," said Joseph Campbell, president of North Branch Construction. "This project showcases our commitment to quality craftsmanship and collaboration, ensuring a successful outcome that meets the needs of both the bank and its customers."
