TFMoran welcomes Chang as senior project manager in the civil engineering department

September 19, 2025 - Construction Design & Engineering

Ting Chang

Bedford, NH According to TFMoran, Ting Chang, PE, LEED AP, has joined the firm as a senior project manager in the civil engineering department. Chang has over 35 years of experience in civil engineering, with a broad background in land development, municipal infrastructure, and stormwater management.

Chang holds a master of science in civil engineering from Northeastern University and a bachelor of science in civil engineering from the University of Massachusetts Dartmouth. Her career spans a wide range of commercial and residential projects across both national and international markets. She is experienced in leading projects through every stage of development – from initial concept and planning to final design and construction.

“What I enjoy most about civil engineering is seeing a project come to life,” said Chang. “It’s incredibly rewarding to be involved from the early design phase all the way through to the finished site, and to watch that vision become a reality.”

Chang’s extensive experience and dedication to sustainable, high-quality design make her a strong addition to the TFMoran team.

TFMoran is one of the largest full-service engineering firms in New Hampshire, with offices in Bedford and Portsmouth.

The firm’s services include: Civil, Structural, Traffic and Transportation Engineering, Land Surveying, Landscape Architecture, Environmental Permitting, Stormwater Monitoring, and Construction Support Services.
