Laura Kaplan  
Senior Counsel

What has been the most rewarding project or deal you've worked on in your career, and why? My most rewarding projects are those for companies serving the New England area. I love being able to visit the properties and see how my clients are creating and maintaining the buildings and amenities. I love seeing how the properties and their neighborhoods evolve over time.

What drew you to commercial real estate, and what keeps you passionate? I became involved in commercial real estate because of a strong interest in the preservation and expansion of affordable housing opportunities, but over time I have developed a broad-based practice spanning multiple asset classes. I am passionate about real estate's impact on the communities and buildings where we live.
