Consigli Const. expanding and renovating 2 residence halls at Bridgewater State College

January 22, 2009 - Construction Design & Engineering

Consigli Construction Co., Inc. recently put in place the final steel beam in an ongoing expansion to and renovation of Bridgewater State College's Pope and Scott residential halls.

The expansion will afford more students the opportunity to reside on campus, while ongoing renovations, such as upgrades to the existing buildings' HVAC systems, installation of elevators, and provision of sprinkler systems, as well as the replacement of bathrooms, windows and doors, will offer enhanced quality of life for all occupants.
