Pierce promoted to principal of SBA

January 22, 2009 - Construction Design & Engineering

Daniel Pierce, AIA, has been promoted to principal of Steffian Bradley Architects. Pierce has been instrumental in refining the quality control process within the office and will now serve as the quality leader responsible for applying the requirements of the firm's Quality Control/Quality Assurance standards. He will strengthen the QC/QA review process, and continue to provide training and mentoring, reinforcing the culture of excellence at all levels within the firm. Pierce brings more than 30 years of diversified experience within a wide range of building types for academic, healthcare, corporate / commercial, retail, hospitality, civic, museum and residential projects. Pierce will continue to manage projects as principal in charge.

About Steffian Bradley Architects

Steffian Bradley Architects (SBA) is an award-winning firm specializing in architecture, planning, interiors, lighting, and urban design. Established in Boston in 1932, SBA creates built environments that respond to the diverse needs of our clients and their communities. With additional offices in the United States, United Kingdom, China, and Spain, SBA provides design and planning services for organizations in the healthcare, academic, residential, and corporate markets. For more information, please visit www.steffian.com.
