Ausevich, Zetocha and Meier of J. Calnan earn LEED AP

February 18, 2009 - Construction Design & Engineering

Three more employees of J. Calnan and Associates have passed the LEED Accreditation exam. Assistant project managers, Mike Ausevich and Garrett Zetocha along with project manager, Jon Meier are the latest to earn their LEED AP standing. JCA strives to implement sustainable construction methodologies on projects that incorporate energy efficiency, minimal waste and reduce consumption of natural resources whenever possible. Part of this ongoing commitment includes training and ensuring that our employees are LEED accredited. JCA recently held an intensive training program to prepare more of its employees for the accreditation process. JCA expects that an additional 12 members will have their LEED accreditation soon, further enhancing their ability to offer sustainable solutions to its clients.
