North East Sustainable Energy Association

June 11, 2009 - Spotlights

The Northeast Sustainable Energy Association (NESEA) is a membership-based professional trade association that promotes energy efficiency and renewable energy solutions throughout 10 Northeastern states: Connecticut, Delaware, Massachusetts, Maine, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont. NESEA conducts professional development trainings, organizes the largest regional building energy conference and trade show, and operates regional energy programs.

One of the nation's most experienced and possibly most animated shares how to making existing 1-4 family homes in cold climates more energy efficient a no-nonsense approach to air barrier sealing, tighter envelopes, better insulation, and finding the waste in homes AIA accredited for 7 continuing education units and includes a continental breakfast and lunch. The workshop session is from 9am - 5pm. Space is limited.
