Company Profile - ECO Supply

September 22, 2009 - Green Buildings

ECO Supply distributes a variety of green and cutting-edge materials for commercial and residential interiors. The company's East Coast reach is the result of a merger between Richmond, VA.-based ECO Supply Center and Brooklyn, NY-based Bettencourt Green Building Supplies. Thanks to our roots as makers of high-end furniture and millwork, we can offer expert guidance on choosing the right materials for your project.
