## About Us | Archit8

September 22, 2009 - Green Buildings

We are architects and planners with a passion for creating sustainable long term investments in the physical built environment; for developing solutions that benefit multiple entities; for forging long standing relationships with our clients. We focus on delivering high quality service to our clients by applying our creative and technical problem solving skills with our ability to listen, see and strategize.

What we do:

- \* Architecture Planning
- \* Pre Design Site Analysis
- \* Schematic Design Feasibility Study
- \* Design Development Zoning Analysis
- \* Construction Documents Land Use Permitting
- \* Bidding & Negotiating
- \* Construction Administration
- \* Sustainability
- \* LEED Certification

Anthi Frangiadis AIA, AICP, Principal

As a founding principal of Archit8, Anthi brings over 14 years of experience to the firm in a variety of project types including multi-family residential, light commercial, hospitality, and mixed use developments. Spanning both the fields of architecture and planning, her accomplishments and background offer a unique perspective to defining the firm's mission.

Prior to founding Archit8, Anthi served in architect and leadership positions at the following firms: Polhemus Savery DaSilva Architects/Builders & Cubellis, Inc. Anthi started her career with Abacus Architects & Planners. We understand that well thought out solutions require more than an individual. We strive to improve the user experience in our buildings and our neighborhoods. We believe that the built physical environment has significant impact on productivity & well being.
